

# Bag Filter Vessels (FHB series 1, 2)

eel

## Bag Filter Vessel Series

### Lightweight and economical Bag Filter Vessels

The Parker Filtration FHB Series 1 and 2 are economical Bag housings for the filtration of liquids, and are designed to be capable of dealing with many different process filtration situations which occur in production.

Manufactured from 316L stainless steel, these vessels meet a wide range of applications.

FHB1 will accommodate No.1 size bag.

FHB2 will accommodate No.2 size bag.

For PED compliance contact Parker.

\*Fluoroelastomers are available under various registered trademarks, including Viton, (a registered trademark of DuPont) and Fluorel (a registered trademark of 3M).

### Typical Applications

- n Water
- n Edible Oil
- n Coatings
